New Arrivals Kitchen Essentials

Stay ahead of the trends with our latest additions. Our new arrivals feature innovative designs and the latest in technology.

SINKS

- Designed in AISI 304 18/10, #4 finish, with square legs of 40x40 mm fitted with adjustable feet.
- The drain is positioned either on the right or left and has a moulded opening with stiffening ribs. Version "3" is closed with sliding doors; version "2" is open and has a reinforced lower shelf, while version "1" has freestanding legs.
- The doors are double-paneled, insulated and slide on bearings on dirt-proof guides. Splash back height 100mm, 20mm thick.
- The basins come complete with stainless steel overflow tubes, plastic drains and drain-traps (optional).
- 10mm liquid stopping edge with drain board with anti-drop board (optional).
- Back splash height 100mm, 20mm thick.
- Stainless steel with polyamide imported adjustable feet, with anti-skid on the underside, adjustable upto 20mm.
- Sound proof bowls with rounded corners.

Product Features

- Designed in AISI 304 18/10, #4 finish stainless steel, the "M" version is equipped with a self-closing mixer tap and a revolving spout.
- The basins are moulded and come complete with a drain and rubber plug. The basins have a stainless steel overflow tube, a plastic drain and a drain-trap.
- The item is wall-mounted. A guard can be fitted underneath it to conceal connections and drains.
- The base can be fitted with a hinged door or tilting hopper and is equipped with legs and adjustable feet.
- For a rationally organised washing area, we suggest using our series of accessories designed primarily in AISI 304 stainless steel which are useful to store and dispense paper rolls, "C"-shaped paper sheets and liquid soap dispensers.
- Washbasins can be used with a stainless steel panel to be positioned on the wall above the splash-back, prepared to house a paper towel holder and a soap dispenser.
